Communication dated 9 September 2021 from the Permanent Mission
of the Russian Federation to the United Nations addressed to the Committee

Since the information provided by the Panel of Experts was taken from a media report and the Panel is investigating the reported travel of Mr.Saadi Qadhafi, the Russian delegation would like to propose to use in Chair's periodic report previously agreed formulation of paragraph 5.

Revised updated Chair's forty-first report pursuant to paragraph 24 (e) of
Security Council resolution 1970 (2011)

Madam President,

1. In accordance with paragraph 24 (e) of resolution 1970 (2011) of 26 February 2011, I have the honour to report to the Security Council on the work of the Committee established by the same resolution. The report covers the period from 22 May to 10 September 2021, during which time the Committee met once in informal consultations and conducted additional work via the silence procedure.
2. At the informal consultations held on 25 June, the Committee heard a briefing by the Panel of Experts on its work programme under resolution 2571 (2021). The presentation was followed by an interactive discussion between Committee members and the Panel. In relation to the Panel's final report under the previous mandate, document S/2021/229, the Committee continued to implement the remaining, agreed follow-up actions. Thus the Committee dispatched letters to Germany and the Netherlands on aspects of the assets freeze in relation to the Libyan Investment Authority, a listed entity, and the Committee wrote to Jordan and Libya on a separate matter related to the same entity. The Committee received responses from Jordan and Libya.
3. Madam President, with regard to the arms embargo, the Committee approved a request for exemption, under paragraph 9 (c) of resolution 1970 (2011), submitted by the Netherlands. The Committee also conveyed to Libya and Malta its determination that the transfer of a certain type of item to Libya fell under the exception to the arms embargo contained in paragraph 10 of resolution 2095 (2013) and, hence, no approval was required by the Committee. In view of the establishment of the new Government of National Unity, the Committee dispatched a letter to Libya requesting updated information on some aspects of arms embargo implementation. The Committee received a notification from Egypt concerning the transfer of arms and ammunition for diplomatic protection. During the reporting period, the Committee also received seven vessel inspection reports, and three attempted inspection reports, from EUNAVFOR Med Operation Irini, as well as a letter from the flag State of an inspected vessel.
4. As regards the assets freeze, the Committee dispatched a letter seeking additional information from Switzerland on an exemption notification submitted pursuant to paragraph 19(a) of resolution 1970 (2011). The Committee also exchanged letters with

Bahrain and The Netherlands on assets freeze related matters. The Committee also received four letters from Libya transmitting communications from the LIA.

5. Madam President, moving on to the travel ban measure. The Committee approved a six-month extension to an exemption request granted previously, for humanitarian purposes, to three individuals on the Committee's list. These are Safia Farkash Al-Barassi, Aisha Qadhafi and Mohammed Qadhafi. The Committee received an exemption request for the travel of Mr. Saadi Qadhafi, a fourth listed individual. ~~While the consideration of which this request was is ongoing, the Committee received as well as two letters from the Panel of Experts in this regard, noting media reports of his travel, as well as corroborating certain identifying details, and the Panel will revert back to the Committee following its investigations into the reported travel.~~
6. During the reporting period, the Committee received a guidance request from Turkey on the scope of the "claims" provision contained in paragraph 27 of resolution 1973 (2011). This matter remains under Committee consideration.
7. The Committee also received a communication from the Focal Point for De-listing established pursuant to resolution 1730 (2006), in connection with the de-listing request of one individual inscribed on the sanctions list of the Committee. The Focal Point process is still ongoing.
8. Lastly, on general implementation matters, on 13 July the Committee dispatched a note verbale to all Member States. This was in follow-up to paragraph 8 of resolution 2571 (2021), which called upon all States to report to the Committee on the steps they had taken to implement effectively the travel ban and asset freeze measures in relation to all individuals on the Libya sanctions list. The Committee has since received two implementation reports, from Japan and the Philippines respectively.
9. As always, Madam President, I would like to reiterate the Committee's commitment to facilitating the implementation of the measures and contributing to the promotion of peace and stability in Libya.
10. Thank you.
