Chair's forty-fourth report pursuant to paragraph 24 (e) of
Security Council resolution 1970 (2011)

Madam President,

1. In accordance with paragraph 24 (e) of resolution 1970 (2011) of 26 February 2011, I have the honour to report to the Security Council on the work of the Committee established by the same resolution. The report covers the period from 25 January to 16 March 2022. The Committee conducted its work using the silence procedure with the aim of facilitating the implementation of the sanctions measures.
2. Starting with the arms embargo measure, the Committee received a letter from the United Arab Emirates through which it elected to inform the Committee of the transfer of non-lethal material intended solely for security or disarmament assistance to the Libyan Government, pursuant to paragraph 13(a) of resolution (2011), as modified by paragraph 10 of resolution 2095 (2013). The Committee is considering an exemption request, submitted by Germany, invoking paragraph 13 (b) of resolution 2009 (2011), which pertains to the supply of small arms, light weapons and related materiel, temporarily exported to Libya for the sole use of inter alia United Nations personnel. The Committee also responded to a request for guidance from Turkey in relation to the arms embargo, as well as a query from Sri Lanka in connection with the sanctions regime.
3. In relation to the assets freeze, no negative decision was taken by the Committee in relation to a notification under paragraph 19(a) of resolution 1970 (2011) submitted by Switzerland. The Committee is considering a notification, invoking paragraph 19(a) of same resolution submitted by Bahrain, which had been previously submitted under paragraph 21 of said resolution. The Committee also received a notification submitted by Luxembourg invoking paragraph 19(a); no negative decision was taken by the

Committee in relation to part of the notified amount whereas for the other part, the Committee advised that Luxembourg submit an exemption request under paragraph 19(b) of the same resolution. The Committee is currently considering responses to letters received from Libya and Belgium, respectively, on matters related to the frozen assets of the Libyan Investment Authority.

4. In connection with the measures aimed at preventing illicit exports of petroleum, including crude oil and refined petroleum products from Libya, the Committee received letters from Libya and the Libyan Government Focal Point appointed pursuant to resolution 2146 (2014), regarding an alleged attempt to illicitly export crude oil outside the umbrella of the National Oil Corporation. The Panel of Experts on Libya also reported to the Committee on this matter.
5. With respect to the sanctions list, the Committee received a delisting request for five individuals submitted by a Member State. Consideration of four requests is ongoing whereas the fifth request was not approved by the Committee. Separately, the Committee received a fourth communication from the De-listing Focal Point established pursuant to resolution 1730 (2006), in connection with the de-listing request of a listed individual. The Focal Point process is still ongoing. The Committee also updated some identifying information for an individual on its sanctions list.
6. As always, Madam President, I would like to reiterate the Committee's commitment to facilitating the implementation of the measures and contributing to the promotion of peace and stability in Libya.
